MEMORANDUM FOR: THE DIRECTOR OF CENTRAL INTELLIGENCE

FROM: Deputy Director (Plans)

SUBJECT: Psychological Strategy Board Report dated
23 August 1951

25X1 [] has passed on to me for answer your question as to what disposition you should make of the subject report of the Psychological Strategy Board.

I have discussed this report with Mr. Gray who has stated that this memorandum is intended to notify yourself and the other members of the Psychological Strategy Board that he and his staff have examined and found satisfactory the preparations of the various departments and agencies concerned for actions to be taken in the psychological field in the event of a break down in the Kaesong cease-fire negotiations. As this is intended as an information item to reassure the members of the Board that everything is considered in order, no action on your part is required, unless you wish to raise any question concerning the findings of Mr. Gray and his staff in this connection.

Since the paper is in the nature of a report from the staff of your board to yourself, the formality of a written acknowledgment would not appear to be necessary.
